

NAME:

“Bibliography cards” for Citing Sources –

Suggestion: Use one section of this page for each source you use for your essay(s). Be sure to follow the correct format for each type of source used. Hint: if you use the digital version of this template, you can paste a URL right into a box. *Remember to cite a source for any information that is not either common knowledge or right from your own thoughts.* Check the format of each kind of reference in the introductory information packet (also available online).
